EXPERIENCE

Jwero.ai | Mumbai, India

Jan 2024 – Present

Frontend Engineer

- **Led the development** of a wide range of projects, including **chat applications**, **automation systems**, **AI chatbots**, and **CRM platforms**, improving user engagement and business efficiency.
- **Engineered** high-performance, responsive web applications using **React**, **TypeScript**, and **Material UI (MUI)**, significantly improving load times and user engagement across platforms.
- **Implemented** real-time communication features in chat applications, enhancing seamless conversations and boosting user interaction by **30%**.
- **Built and integrated** custom automation tools, saving clients **40% of time** on repetitive tasks and streamlining business processes.
- **Designed** and deployed AI-powered chatbots, triggers, improving customer support, reducing response time by **20%**, and increasing user engagement.
- **Developed and maintained** robust CRM solutions, enhancing customer relationship management and increasing user satisfaction by **15%**.

Jwero.ai | Mumbai, India

Sept 2023 – Dec 2023

Frontend Engineer

- **Spearheaded the development** of a user-friendly **chat-bot platform** using **React Flow**, enabling clients to create customized chat-bots and improving development **efficiency by 20%**.
- **Implemented functionality** to trigger chat-bot flows based on user keywords, allowing dynamic flow adjustments and reducing manual **setup time by 40%**.
- **Enabled clients** to develop tailored chat-bots that meet specific business needs, resulting in a **25% increase in user engagement**.

EDUCATION

Gharda Institute of Technology, Lavel.

BE in Computer Science 8.57 CGPA

Mumbai University

Aug 2019-July 2023

PROJECTS

Custom Component Library | React, Typescript, Material UI, Apex charts

[Link](#)

- **Developed a custom component library** featuring reusable UI components built with **React** and **Material UI** to streamline development and maintain consistency across projects.
- Integrated **Apex Charts** for interactive data visualization, & responsive chart components.
- Ensured the library is **fully documented** and easy to adopt, to enhance the UI experience.
- **Published the library on NPM**, making it easily accessible and installable for other developers.

Custom Collaborative Editor | NextJs, Typescript, ShadCN, Tailwind CSS [Live Demo](#) | [GitHub](#)

- **Created** real-time document management with features like **creating**, **deleting**, **sharing**, and **tracking** active collaborators.
- Implemented **collaborative editing** with **real-time** updates and presence indicators for **multiple users**.
- Added inline **comments**, **discussions**, and **notifications** for document shares and activities.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C++, SQL, HTML, CSS

Technologies: Next.js, React, Node.js, Material UI, ShadCN, Zod, Express.js, MySQL, MongoDB, Git, GitHub

Tools: Data Structures, Algorithms, Operating Systems, Networking, DBMS, VS Code
